

# AIRPORT RANCH

**AIRPORT RANCH**  
116± ACRES  
KERRVILLE • KERR COUNTY

In a growing corridor of the thriving Hill Country community of Kerrville exists this unique opportunity to own a rare ranch in close proximity to town. The city limits border the front of the property as does the Kerrville Municipal Airport. Diversity abounds from the approximate 16 acre rolling field to a 250+ foot rise in elevation, with plenty of trees and views for miles. With no substantial vertical improvements, your slate is clean and ready to create your commercial or residential development or build your homestead.
